

Town Board Meeting

February 23, 2026

The Newton Town Board called the meeting to order at 5:00 PM. Ben and Sandra Strieter requested a meeting with the town board about the letter that they received from the town's attorney. The purpose of the letter stems from an email from the building inspector Dan Goodine.

Dan was to inspect the home for a permit that was pulled from the Zone Chair and when he came for that inspection, in Dan's opinion the owner was not living at the home, and other rules would apply to their house remodel.

The town board listened to the owner and authorized the Chair Denise to draft an email stating that the owner did live in the home and therefore fell under different rulings. The email would be sent out to Dan in the morning. Along with asking if the homeowner passed the inspection that he was there for originally.

Homeowners asked the board to come and see the home, and the board thanked them.

Motion was made by Kevin and seconded by Ed to adjourn.

Motion Carried.

Respectfully Submitted,

Denise Thomas, Chair
