Chairperson's Report for the Town of Newton

Town of Newton Residents:

The Newton Town Board had a very busy year in 2025 with the fire house project, road projects and other things we take care of for our township. As you all know, the Town Board has been very active in raising money for the new fire house. We had a very generous donation from the Kruidenier Charitable Foundation, Inc, for a matching grant of \$250,000. I am very happy to say on December 31, 2025, we were able to reach that goal. This \$500,000.00 will be put toward the reduction of the loan for the project. The Town Board also applied for a grant from the State of Wisconsin DOA which we are hoping to hear we are awarded funding in July of 2026. This project will finish in the 4th quarter of 2026.

The town board will be doing as much as we can with the road budget in 2026, where funding from the State does seem to reduce each year, but the maintenance of our road's increases. We will all try and get your dollars to stretch, to complete as much as possible on the road maintenance.

I am asking the Town Electors at the 2026 Annual Meeting to change the treasurer's position from an elected position to an appointed position, as the town did years back with the clerk's position. There is a real shortage of qualified people who can do these jobs. The discussion has been that we as a town are very fortunate to have qualified people in these positions, but as time goes on, we might need to fill this position, and we as a town board owe the Town of Newton residents qualified individuals to fill the position. We would not have to fill the treasurer's position with a new person since the treasurer we now have would continue her position, but we would be covering our township by moving to the appointed position. We had open discussions at the town board meetings about this, and I hope you will agree this is the right thing to do.

I would like to thank everyone who works for the Town of Newton, we are very thankful for all your help, a special thanks to the Newton Fire Department and the Newton First Responders for keeping our township safe in times of need. Thank you also, goes out to the Plan Commission Members, the Board of Appeals Members, our Town Clerk, Alyssa and Treasurer, Paulette and the Town Board Supervisors Kevin and Ed. Each of you helps make this township the best place to live. Thank You all again!

CELEBRATING 25 YEARS, A SPECIAL MAN, AND SOME NEW FACES

Our 25-year celebration brought together an incredible crowd to honor Phil Huff and continue the mission that's been making a difference for families for decades. The day was filled with meaningful moments – from the dedication of a memorial bench for Phil Huff, to welcoming the Ronald McDonald House Charities of Eastern Wisconsin team, who shared how our donations continue to support families during their hardest times. Hearing their stories reminded us how something so small can have such a powerful impact. Thank you to everyone who came out, gave back, and helped make the milestone weekend so special. Your generosity and help keep this mission alive – one tab at a time.
